Vol. 31 No. 28
March 26, 2010

CHAPEL

The next chapel service will be on Wednesday, April 7th (after our break) at 2:00 PM. Mr. Hempel will lead us in worship with the theme being “In Celebrating the Joy of Easter”. Our offerings are designated to Heifer Project International. Individual classrooms may work toward chickens, cows, rabbits, pigs or even water buffalo.

“Hearts for Jesus” coin jars were distributed to each student. Please put your spare change in these jars and return them to the school office when filled. We will collect them through April. So far, over \$100 has been collected. The money collected is equally divided among our Lutheran urban schools in Chicago.

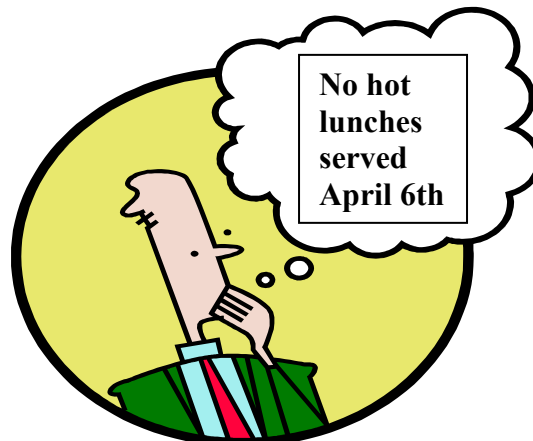

**PALM SUNDAY, MARCH 28TH, IMMANUEL CHURCH SERVICE AT 9:30 AM.
ALL ARE WELCOME TO ATTEND.**

APRIL LUNCH ORDERS WERE DUE THIS MORNING. SORRY, NO LATE ORDERS CAN BE ACCEPTED.

PIZZA LUNCHES FOR APRIL 6TH WERE DUE TODAY ALSO.

From the Principal’s Desk

EVER WONDERED? How Is the Date of Easter Calculated? Easter is a moveable feast, which means that it does not occur on the same date every year. How is the date of Easter determined each year? The Council of Nicaea (A.D. 325) set the date of Easter as the Sunday following the 14th day of the paschal full moon, which is the full moon whose 14th day falls on or after the vernal (spring) equinox. We know that Easter must always occur on a Sunday, because Sunday was the day of Christ's Resurrection. But why the 14th day of the paschal full moon? Because that was the date of Passover in the Jewish calendar, and the Last Supper (Holy Thursday) occurred on the Passover. Therefore, Easter was the Sunday after Passover. The Church does not use the exact date of the paschal full moon but an approximation, because the paschal full moon can fall on different days in different time zones, which would mean that the date of Easter would be different depending on which time zone you live in. Likewise, the Church sets the date of the vernal equinox at March 21, even though it can occur on March 20. Both approximations allow the Church to set a universal date for Easter. Still, Easter isn't celebrated universally on that date. While Western Christians use the Gregorian calendar (the calendar that's used throughout the West today, in both the secular and religious worlds) to calculate the date of Easter, the Eastern Orthodox continue to use the older, astronomically inaccurate Julian calendar. Currently, March 21 on the Julian calendar falls on April 3 in the Gregorian calendar. Therefore, for the Orthodox, the Sunday following the 14th day of the paschal full moon has to fall after April 3, hence the discrepancy in the date of Easter. (From NID Schools Network Newsletter).

The Week That Was

JV BASKETBALL REMAINS RED HOT!!

The Lady Cardinals have remained red hot following their outstanding performance at the Walther Tournament. They have posted five straight conference victories and they currently have a record of 11 and 1. Their victories have come against Walther Academy 36-15, Concord, Bensenville 25-8, Immanuel, Elmhurst 20-4 and St. John, LaGrange 24-13. The keys to victory have been a constant this season. This unit works well together and it shows, especially on defense. The Lady Cardinals play strong team defense. They support and help each other. On offense it has been the same story, everyone working together. Their season finale is Friday, when the Lady Cardinals travel to Itasca. Check back to see if the streak continues.
